Lit simplicity

Luceplan's Lita is an extremely versatile family of decorative lamps that will jazz up any home. Designed by David Dolcini, the Lita lamps are the result of a delicate design process that mixes imagery, signs, geometric textures, and natural materials. Unapologetically simple and elegant, the evocative lamps are timeless and seductive by way of matching visual and tactile sensations.

Sky dining

Plane In The City, Malaysia's first aircraft dining experience was officially launched at SKYLAND Bukit Bintang with the historic event officiated by Deputy Secretary General (Management) of Ministry of Tourism and Culture Malaysia Yang Bahagia Dato' Yean Yoke Heng. It was witnessed by Chief Executive Officer of TwoSpicy Entertainment Live Sdn. Bhd. Arvin Randahwa, as well as Chief Executive Officer of Great Eastern Malaysia Dato' Koh Yaw Hui. The first dining experience of its kind, Plane In The City, which is located in Bukit Bintang, is a 90-minute experience revolving around an actual Boeing 737 aircraft. 'Passengers' will get the chance-of-a-lifetime to take 'selfies' while sticking their heads out of the Pilot's cockpit, walk on the wings of the aircraft, and enjoy a fine-dining meal serenaded by today's hit music and many more.

Premium care

Samsung Malaysia Electronics has opened the doors to their new concept Premium Care Centre in Plaza Low Yat, located on the 4th floor of Lot 28. With a total built-up of 2,200 square feet, Samsung's new concept Care Centre is intended to be a one-stop servicing solution where consumers can head to for fast and convenient after-sales services. The centre has been optimised to eliminate long queue lines, along with a premium setting that includes soft, plush sofas, air purifiers, and complimentary beverages so visitors can wait for the repair of their devices in total comfort.

Stunning cabinet

The most stunning element of the Alexander Lamont Cicada Bar Cabinet is the beautifully sculpted bronze patina handle that depicts a winged Cicada. On the rest of the bar cabinet, one cannot help but be further awestruck by the beautiful mica tiles on the front surface and the pale and dark veneers that make up the body of the cabinet. The bronze wrapped frame that supports the cabinet is also a sight to behold. Experience the Cicada Bar Cabinet along with Alexander Lamont's other fabulous creations at Tatum Company located in Jalan Telawi, Bangsar.

Air Conditioning redefined

Hong Kong-based Internet-of-things start-up Ambi Labs aims to redefine air conditioning controls with the Ambi Climate 2nd Edition. Instead of selecting a single temperature on the control device, users simply report their current thermal comfort. Ambi Climate's artificial intelligence engine then analyses the impact of multiple factors on their comfort, automatically adjusting the AC to enhance comfort and save energy. Ambi Climate is compatible with remote-controlled ACs, such as those that are commonly found in the North East of the US, Southern Europe, the Middle East, Australia, and in many countries in the Asia Pacific. ●

Shopping personalised

Lazada, in conjunction with its 6th birthday festival, rolled out a slew of innovations that aim to bring the best features of offline shopping into the hands of customers. The new app now uses artificial intelligence to drive personalisation across the customer's shopping journey. A chat function allows customers to contact sellers before, and an E-Wallet allows for said purchase to be made with just one click. Customers can now also follow their favourite stores and be the first to know about new arrivals, promotions, and discounts.

Sumptuous Seats

The Valentina armchair by Diabla is a great example of offering plenty with very little. Designed by Alejandra Gandia-Blasco Lloret, the armchair consists of just two cushions supported by a lightweight structure of steel rods. Made for the outdoors, the armchair cushions are upholstered in a special outdoor fabric that can be removed and washed easily. One can also change them out for a different coloured set of covers in the Valentina Outdoor range.

Vent out

Jazz up your personal outdoor patio with these colourful Vent outdoor chairs from Diabla. Pick from a range of neutral tones or bright primary colours depending on the look you are going for. Its simple, austere look means it can be fitted in with all kinds of decorative options. The Vent is also highly weather resistant, as the seat and back are both made from one single piece of rigid polyurethane and the legs are steel tubes.
