**BREATHE EASY**

Did you know that indoor air quality can be up to five times worse than the air quality outside? You can't avoid the dust, odours and allergens completely, but the improved Dyson Pure Cool Link purifier fan can remove 99.95% of ultrafine dirt particles as small as 0.1 microns from the air. Other new features include a 360° Glass HEPA filter for particulate capture and an extra layer of activated carbon for improved gas capture.

Available at major department stores and home appliance stores, [www.dyson.com.sg](http://www.dyson.com.sg)

**WALL DRESSED UP**

*The Tenue de Ville collection of wallpapers is heavily influenced by imaginative adventures, travel experiences and a love for nature. The exploratory ideation process uses engraving techniques, sketching, paper art and photography before engaging the assistance of graphics programmes resulting in striking, one-of-a-kind designs.*

Available at Tatum, 29B Keong Saik Road, tel: 6221 2524, [www.tatumcompany.com](http://www.tatumcompany.com)

**ARMCHAIR SHOPPING**

Lifestyle and furniture retailer atomi has launched its online store, making it easier than ever to browse and buy their selection of well-crafted made-in-Japan pieces. Showcasing an exclusive range of products from the atomi and ACTUS häuse brands, such as tableware, homeware, stationery and furniture, the e-store is a convenient stopover for your home decorating needs.
